

Town End Traffic Lights

Since the imposition of the Town End Traffic Lights in Pontefract, we have suffered a 50% **increase** in casualties, compared to a national **reduction** of 12%. That is, on average, one casualty accident per week, every week for the last decade. Not only do we have to put up with strangling congestion, increased pollution, noise and vibration but the very reason for the imposition of the system ("Road safety") has been consistently proven groundless.

CHANGE THINGS FOR THE BETTER – HELP GET RID OF THEM

1. Log on to <http://www.stevekidd.co.uk>
2. Click on the “Forum” link in the pink box at the top of the page
